-

Professional Experience

React JS Developer

Osiyatech, Indore | *May 2023 - Present*

- Developed and maintained web applications using React.js, optimizing components for maximum performance across devices and browsers.
 - Collaborated with designers and backend developers to implement new features and integrate RESTful APIs for seamless data flow.
 - Conducted code reviews and provided constructive feedback to peers, ensuring high code quality and best practices.
 - Debugged and resolved issues to ensure smooth functionality and improved user experience.
-

Projects

1. FSP (Fit Spider)

Tech Stack: React.js, Redux, RESTful APIs, HTML, CSS, MUI, JavaScript, TypeScript

- Developed an admin panel for a mobile application designed for gym owners, trainers, and fitness influencers.
- FSP (Fit Spider) is a comprehensive fitness application designed to connect users with fitness professionals and facilities. The app features three distinct types of profiles: Users, Professionals, and Facilities. Based on a match percentage, the app presents a list of relevant users, facilities, and professionals in the profile section. Users can interact with each other by following their profiles and can also schedule appointments

2. Mentor Booth(E-Book)

Tech Stack: React.js, Redux, RESTful APIs, HTML, CSS, MUI, JavaScript, TypeScript

- Developed an admin panel for an audiobook platform.
- Integrated features like bookmarks, notes, and a personalized feed.
- Mentorbooth is an integrated E-book and audiobook platform enabling users to read, listen, and make notes across multiple books. It offers a comprehensive library with diverse author and coach profiles, along with audio and video content. Users can stay updated with book news via a dedicated feed and bookmark favourite content for easy access.

3. E-DOCNG

Tech Stack: React.js, Redux, RESTful APIs, HTML, CSS, MUI, JavaScript, TypeScript

- E-DOCNG is an innovative online platform that simplifies and streamlines the process of obtaining official documents such as birth certificates marriage certificates, and educational transcripts for its clients.
- Contributed to an online document management system for generating official documents.

4. SafeY (Crypto Platform) (Ongoing)

Tech Stack: React.js, Redux, RESTful APIs, HTML, CSS, MUI, JavaScript, TypeScript

- Developing web and admin panel features for a crypto-based platform focused on Ethereum and digital currency.
- Integrated Affiliate System, contributing to both frontend and admin functionalities.
- Implemented Two-Factor Authentication (2FA) on both Affiliate Website and Admin Panel to enhance platform security.
- Ensuring high standards of security, scalability, and user experience.

Collaborating with a team to deliver high-quality software solutions with a focus on security and scalability.

Education

Master of Science (M.Sc maths)

Awadhesh Pratap Singh University Rewa (07/2017-06/2019)

Bachelor of Science (B.Sc)

Awadhesh Pratap Singh University Rewa (07/2013-06/2016)

Certifications

- **MERN Stack**
Shiva Concept Solution | Oct 2022 – March 2023 (6 months course)
-

Languages & Interests

- **Languages:** English (Professional), Hindi (Native)
 - **Interests:** Watching and playing cricket, listening to music, exploring new technologies
